- Fixed interest rate on SBA loan. SBA guarantees the debenture 100 percent. Debentures are sold in pools monthly to private investors. This low, fixed rate is then passed on to the borrower and establishes the basis for the loan rate. A recent history of debenture rates may be found at www.nadco.org.
- All project-related costs can be financed, including acquisition (land and building, land and construction of building, renovations, machinery and equipment) and soft costs, such as title insurance and appraisals. Some closing costs may be financed.
- Collateral is typically a subordinate lien on the assets financed; allows other assets to be free of liens and available to secure other needed financing.
- Long-term real estate loans are up to 20-year term, heavy equipment 10 or 20-year term and are self-amortizing.

Businesses that receive 504 loans are:

- Small — net worth under \$7.5 million, net profit after taxes under \$2.5 million, or meet other SBA size standards.
- Organized for-profit.
- Most types of business — retail, service, wholesale or manufacturing.

The SBA's 504 Certified Development Companies serve their communities by financing business expansion needs. Their professional staff works directly with borrowers to tailor a financing package that meets program guidelines and the credit capacity of the borrower's business. For more information, go to www.sba.gov/services, then choose "SBA Loans" from the links in the right-hand column. From there, click on "CDC/504 Program."

MICROLOAN PROGRAM

The Microloan Program provides small loans ranging from under \$500 to \$35,000. Under this program, the SBA makes funds available to nonprofit intermediaries that, in turn, make the loans directly to entrepreneurs, including veterans. Proceeds can be used for typical business purposes such as working capital, machinery and equipment, inventory and leasehold improvements. Interest rates are negotiated between the borrower and the intermediary.

For more information, go to www.sba.gov/services, then choose "SBA Loans" from the links in the right-hand column. From there, click on "Micro Loans" or contact:
